# ANNUAL REPORT 2019

## 4 FINANCIAL STATEMENTS 2019

### 4.3.25 DEFERRED INCOME

The deferred incomes are as follows:

	31 December 2019	31 December 2018
Deferred income on operating lease contracts	150	200
<b>Total</b>	<b>150</b>	<b>200</b>

The deferred income on operating lease contracts is mainly related to the revenue for one of the operating lease units, which reflects a decreasing day-rate schedule. As revenue is shown in the income statement on a straight-line basis with reference to IFRS 16 'Leases', the difference between the yearly straight-line revenue and the contractual day rates is included as deferred income. The deferral will be released through the income statement over the remaining duration of the relevant contracts.

#### Demobilization

The provision for demobilization relates to the costs for demobilization of the vessels and floating equipment at the end of the respective operating lease periods. The obligations are valued at net present value, and a yearly basis interest is added to this provision. The recognized interest is included in the line item 'Financial expenses' of the consolidated income statement (please refer to note 4.3.9 Net Financing Costs).

Expected outflow within one year is nil and amounts to US\$59 million between one and five years, and US\$65 million after five years.

#### Warranty

For most Turnkey sales, the Company gives warranties to its clients. Under the terms of the contracts, the Company undertakes to make good, by repair or replacement, defective items that become apparent within an agreed period starting from the final acceptance by the client. The increase of the warranty provision consists of new provisions accrued on projects under construction over the period.

#### Brazilian Investigation

Provision regarding the Brazilian investigation decreased during the year due to the reclassification of the payment agreed with the Brazilian Federal Prosecutor's Office ('MPF'), from provision to liabilities (refer to note 4.3.27 Trade and Other Payables), upon notification that the Federal Court has formally closed the Improbability Lawsuit (refer to note 4.3.1 Financial Highlights).
