### 4.3.35 EVENTS AFTER END OF REPORTING PERIOD

#### DIVIDEND AND SHARE REPURCHASE PROGRAM

The Company's dividend policy is to maintain a stable dividend, which grows over time. Determination of the dividend is based on the Company's assessment of its underlying cash flow position. As part of the Company's regular planning process, following review of its cash flow position and forecast, the Company has concluded that the outlook for cash flow generation has improved given the increase in the quantum of the Lease and Operate backlog and its duration. Based on this, a dividend of US\$150 million (which equals c. US\$0.76 per share, based on the number of shares outstanding at December 31, 2019), to be paid out of retained earnings, will be proposed at the Annual General Meeting on April 8, 2020. This represents an increase of c. 100% compared to the dividend paid in 2019.

The Company has invested equity in projects, which are under construction or recently completed. Most of this equity investment will be returned to the Company following drawdown of non-recourse project finance facilities in the near future. After having reviewed the current liquidity position including the return of this investment, taking account of future growth requirements and the resulting cash flow outlook, the Company has determined that it currently has the capacity to repurchase shares. Consequently, on February 13, 2020 the Company will commence a EUR150 million share repurchase program.

#### RCF EXTENSION OPTION EXERCISED BY THE COMPANY

On February 5, 2020, the lenders to the Company's US\$1 billion Revolving Credit Facility (RCF) agreed to the Company's request to exercise the first one-year extension option. The final maturity date of the RCF is thereby extended from February 12, 2024 to February 12, 2025. The Company has one additional one-year extension option remaining which can be requested 60 days prior to the second anniversary of the RCF.
